***Timely Tidbits ...*****Seniors Attend Prom, Commencement**

The coming week is sure to be a busy one for Romulus High School's Class of '99. The Senior Prom, set for June 9, will be followed by the Senior Luncheon on June 11 and Commencement on June 12.

For a complete list of graduates names, see page 7.

**Rummage Sale**

The City-wide No-fee Rummage Sale weekend – which began on Thursday, June 3 – will continue through Sunday, June 6. (If two or more of the four dates are "rained out," the event will be postponed to the following weekend: June 10–13.)

A complete list of sale sites can be obtained from the Romulus Recreation Department, located at 36515 Bibbins in Downtown Romulus.

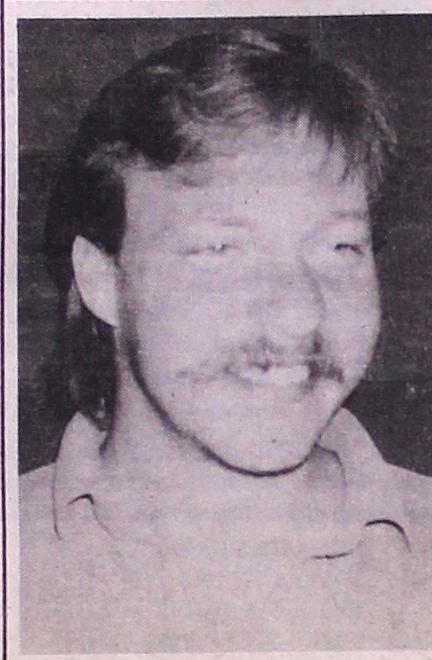

**Free Dumping**

The City of Romulus Department of Public Works (located at 34100 Goddard Road) has announced that Romulus residents will be able to take advantage of free dumping (no more than two loads per day) from Saturday, June 5, through Saturday, June 12 (excluding Sunday, June 6, when the dump will be closed). Hours will be from 8 a.m. to 3 p.m., Monday through Friday, and from 7 a.m. to 3 p.m. on both Saturdays.

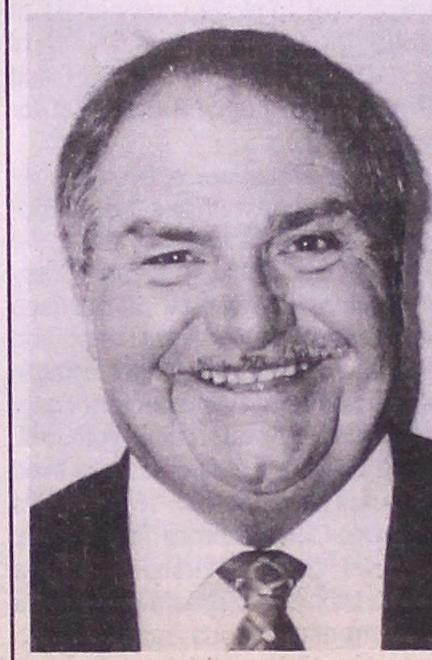

Materials such as concrete, dirt, yard waste, and liquid waste (petroleum products, paint, etc.), as well as really large items (boats, sheds, cars, engines, etc.), may not be disposed. A maximum of four tires will be accepted, but must be dumped separately from other debris.

All users must show proof of residency. Dumping area is entered "at your own risk." Children are not allowed in the dumpster area; unsupervised children are not allowed on the premises.

**School Board Election Set for Monday, June 14**

Tony Heimberger

Billy McCraight

Edward Thomas, Jr.

*Editor's note: To help voters decide which candidate they will support in the Board of Education election set for Monday, June 14, "the little paper" has profiled two of the three (Tony Heimberger did not return phone calls requesting an interview). Candidates were invited to provide as much (or as little) detail as they wished concerning their campaign agendas and personal data.*

*To avoid the appearance of giving anyone preferential treatment, the profiles have been arranged alphabetically.*

**Billy McCraight**

As a lifelong resident of Romulus with an impressive history of community service, 61-year-old Billy McCraight believes that he would have a lot to offer as a member of the Romulus Community Schools Board of Education.

"All my life, I've tried to do my part to make Romulus a better place to live," he said. "As a School Board member, I would be able to take this commitment one giant step further because the future of our young people and the future of our city go hand in hand."

One of McCraight's top priorities is a teacher contract.

"I'm not privy to 'insider information' about the district's negotiations with our teachers, so I can't offer specifics on how this matter could be resolved," he stated, "but I'm a good negotiator and I know the importance of the word 'compromise.' This issue is crucial to the continued improvement of our schools, so we have to try even harder to find a solution that's acceptable to everyone."

Another of McCraight's goals is improved parent/community involvement through volunteer programs and PTA-type organizations. And concerning the still-tenuous lines of communication that have been established between the school district and City government, McCraight expressed his hopes that they will remain open, despite the snags that occurred during recent discussions about the possibility of constructing a jointly sponsored recreation facility.

As a candidate, he believes that his biggest asset is his ability to remain an independent thinker, yet give the ideas of others a full, fair hearing.

"I'm a leader, but I can also be a follower in a good cause," said McCraight. "As I used to tell my son, 'When you take time to listen, you learn a lot more than when you do all the talking.'

"I don't always have to be at the head of things, but I don't want to be at the back, either," he added.

After graduating from Romulus High School in 1955, McCraight served his country for four years in the U.S. Army, 101st Airborne. The now-retired truck driver was also a union steward for Teamsters Local #299 for four years.

Besides his membership in the Romulus Rotary Club and his work with the Romulus Pumpkin Festival Committee, McCraight proudly cited his 19 years as a volunteer fireman (during which time he worked his way up to lieutenant) when asked about his history of community service.

He mentioned his budding involvement with the Romulus Senior-citizens Center, as well.

"One program that we want to see spread throughout Romulus – and, eventually, the entire Downriver area – is called the 'File of Life,'" said McCraight. "This lifesaving program asks each senior to keep a magnetic board on his or her refrigerator, in plain sight of rescue personnel, with a list of medications and allergies, other important health information, and the phone numbers of people to contact in an emergency."

McCraight and his wife Leota – a Romulus Community Schools bus driver of 23 years – have three grown children (Sherell, Kellie, and "Soc"), all of whom are Romulus High School graduates. Of their five grandchildren, two are grown and living in Florida; the other three are currently enrolled in Romulus schools.

McCraight urges anyone who has questions regarding his candidacy to contact him at 734-729-2262.

**Edward Thomas, Jr.**

"I worked in a factory and I know what a contract means," stated Edward Thomas, Jr., who identifies the need for a teacher contract as his number-one priority. "When you have a contract, you don't have to worry that you'll be here today but gone tomorrow. It encourages you to keep on working to the best of your ability."

"We already have the best teachers and schools. We need to do everything we can to keep them," he added.

## School Board Election Set for June 14

*continued from page 1*

Thomas also feels that the school district should become more strongly involved in providing additional recreation facilities for young people.

"The City's recreation center downtown offers nice programs, but it isn't enough," said Thomas. "We need more facilities and more parks that provide a safe environment for our youth—places that they can enjoy themselves without being harassed about loitering."

"Many times in my travels through other states, I've seen little towns that have at least two recreation centers," he continued. "If they can do it, so can we."

Additionally, Thomas believes that the district could make better use of the community's human resources.

"For example, I'd like to see our schools start a 'buddy system' that would allow senior citizens to use their wide experience to help our children," he said. "The two groups have a lot to offer each other. It's a shame not to take better advantage of that."

Thomas says that one of his greatest assets as a School Board member would be his open-door policy.

"I want people to know that I'll always be willing to listen to their concerns," he stated. "If they have questions, I'll do my very best to get them answered. I plan to keep regular office

hours to make it easy for people to get in touch with me, and anyone who tries to call when I'm not available will always be able to leave me a message so that I can return the call as soon as possible.

"One man can make a difference, and I'm that man," he concluded.

Thomas – a 1966 graduate of Ecorse High School – has had some college education, as well. The retired Detroit Diesel employee now serves as pastor of the Martin Temple Church of God in Christ (located on Wayne Road in Romulus), a post he has held for almost a decade.

Another candidate with an imposing resume of community service, Thomas says he is a current member of the City of Romulus Police and Fire Safety Commission; has worked with various youth-community organizations; and has done extensive volunteer work in the Romulus schools, especially Halcreek, where his daughter is a student.

The 54-year-old Thomas has lived in Romulus for more than 16 years; his wife, Legina Curtis Thomas, for 39 years. They have three children: Damon (a Romulus High School graduate), Patrick (who currently attends school at Mt. Pleasant under the Adult and Community Education Program), and Legina.

Anyone who would like more information regarding Thomas' candidacy is welcome to call him at 734-941-6548. □

## RHS French Students Enjoy Experience in 'La Belle France'

When Romulus High School (RHS) students Amber Bowman, Amanda Dean, Autumn DeBus, Shannon Herauf, Moriah Holbrook, Nicole McKinney, and Crystal Renton traveled to France during their spring break, it was a long-awaited dream come true.

"Several of the students started saving their pennies years ago, when they were only freshmen in French I," said RHS French teacher Rosa Russenberger, who (along with her son, Nick) accompanied the students on their 15-day trip. "Our tour brought to life all the pictures, history, and culture that they've been reading about for so long."

Departing from Detroit Metropolitan Airport on March 30, the students began their trip with a direct flight to Paris, where – joined by students from Fond du Lac (which, in French, means "bottom of the lake") and Waterford, Wisconsin – they spent their first day walking around and taking a subway tour to enjoy some of the city's most famous sights. From there, they traveled to the Loire Valley, an area well known for its castles, then up through Tours and on to St. Malo, a small, fortified city on the Atlantic.

"It was in St. Malo that we met up with Theresa Genaw, a Romulus High School junior who is currently a foreign-exchange student in France," Russenberger explained. "Because of her now-thorough acquaintance with the area, she was a welcome guide during our explorations there."

Before leaving the coast, the group also visited the beaches of Normandy.

"It was the most exhilarating experience of my life."

– *Amber Bowman*

"I learned more about myself than I ever had before. I truly appreciated the language, culture, and lifestyle that I experienced during my trip."

– *Crystal Renton*

"France was beautiful. I was scared at first, but now I'm glad I went."

– *Shannon Herauf*

"I had been looking forward to this since I was a freshman, and going on the trip was extremely important to me. I know that the memories will last me a lifetime."

– *Nicole McKinney*

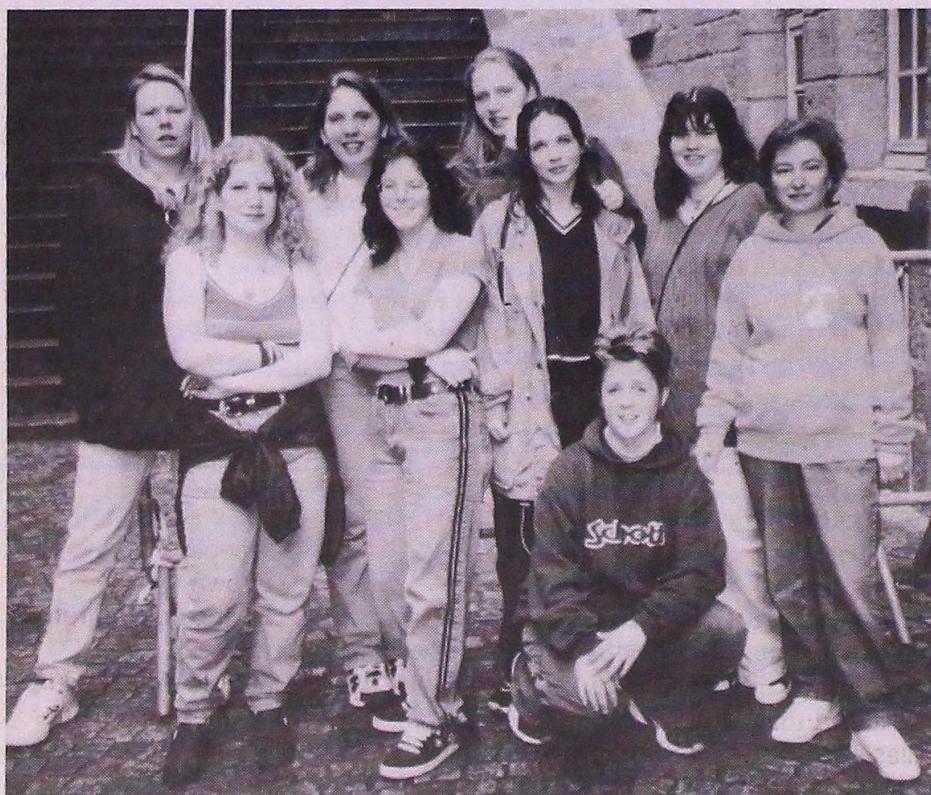

"This was a wonderful group of students to take to France, and I was happy to give them the opportunity to experience a different culture."

– *Rosa Russenberger, teacher*

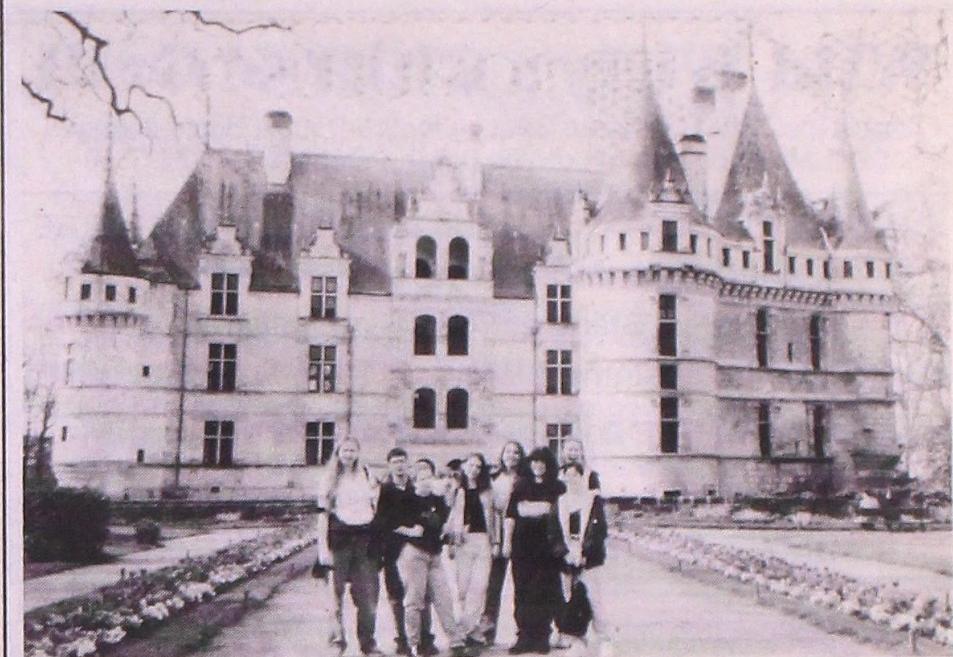

"That part of our trip was an emotional experience," said Russenberger. "At the American Cemetery at Omaha Beach, the first grave-marker they came across was that of a Michigan soldier."

Next, the group stopped at Giverny for a tour of the home and gardens of the late impressionist painter, Claude Monet. Although the students enjoyed

Romulus High School junior Theresa Genaw (kneeling), who is currently participating in a foreign-exchange program in France, met up with French teacher Rosa Russenberger (right) and her students in St. Malo.

Among the tour group's many stops was the Chateau Azay le Rideau in the Loire Valley.

**RHS Grad Tally Joins Yale School of Drama and Theater**

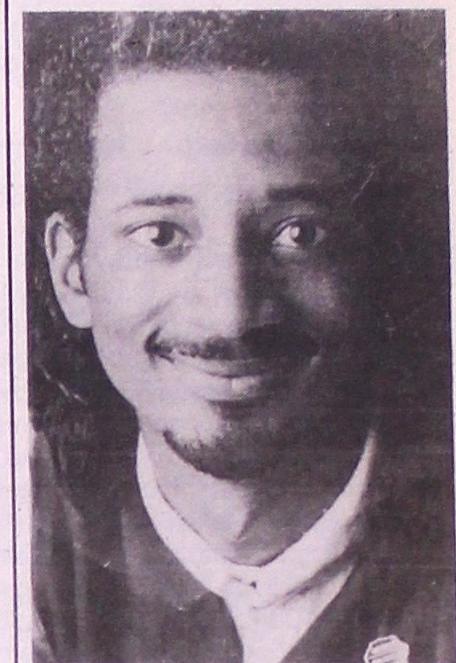

As an elementary-school student in Romulus, Eric Tally played the cornet. At Romulus Junior High, he switched to the baritone and scored 102 during his band tryout – one of the highest scores ever achieved on this demanding examination. At Romulus High School, he again changed instruments, studying the flute until his graduation in 1986.

When Tally entered the University of Michigan that fall, he started out in the School of Literature, Arts, and Sciences, but soon found that music was still his true love. He practiced very hard to gain admission to the university's music school, and received with a Bachelor of Arts degree in 1990.

After graduation, Tally went to work for the University of Zimbabwe Faculty Recruitment program at the Africa-America Institute in New York City. During his time in "The Big Apple," he also was employed as a special assistant to the Director of Opera Ebony, an ensemble created to promote and present operatic vocalists of color.

Tally then returned to school at Wayne State University in Detroit, where he earned a Master of Fine Arts degree in Arts Management. While residing in Michigan, he served as a director of Art for the People, a group that was formed to present artists of color throughout Michigan. He also participated in a Deloitte/Touche Strategic Planning Program, which helped him expand Art for the People into four different divisions.

Last fall, Tally was appointed to the newly created position of community outreach coordinator for the School of Drama/Yale Repertory Theatre. As the liaison between the School/Theatre and the community of New Haven, Connecticut, his responsibilities include spearheading Project Discovery (an ini-

Eric Tally

tiative to introduce new audiences to the theater) and the Dwight/Edgewood Project (a theater mentorship program for middle-school students in the Edgewood neighborhood).

"Eric will bring Yale and the New Haven community the gift of great energy, tons of experience, and a belief in what we can do together," said Victoria Nolan, Managing Director of the Repertory Theatre.

Among those most proud of Tally's achievements is Richard Kruse, Director of the Romulus Community Schools' Music Department and Tally's former band teacher.

"We can all congratulate Eric Tally on his appointment at Yale University," said Kruse. "His achievements are a perfect example of the fact that anything is possible as long as you stay focused and work hard." □

**RHS Students Tour 'La Belle France'**

*continued from page 4*

the many sights there, perhaps the most interesting was not to be found in any guidebook listing.

"What a surprise it was to bump into Kim Mientkiewicz!" exclaimed Russenberger, referring to a Romulus High School alumna now studying in France. "Had it not been for Crystal Renton, who recognized her and immediately brought her to my attention, the moment would have been lost. The world is a small place, indeed."

After a tour of the Palace of Versailles, the students returned to Paris, where the following (and final) day was spent doing everything from visiting the Louvre museum to viewing the grave of Jim Morrison and walking along the Champs Elysée at night.

In retrospect, one of the most enjoyable highlights of the trip turned out to be the very part that had caused the students the most worry prior to their departure.

"The 'family-stay' portion of the trip was very cool," said Herauf.

"I was really pleased at how my French family accepted me and treated me as one of their own," McKinney added.

Reluctantly, the group returned home on April 13.

"Now, it's back to reality," Russenberger jokingly sighed. "No more fresh croissants and mini baguettes for breakfast. No more sights and sounds of France."

"Still, we're fortunate," she added. "We have our memories and stories to keep the experience alive." □

## Health Fair Featured Blood Drive

Teacher Don Foley was among nearly 100 people who signed up to be a Red Cross blood donor during Romulus High School's first annual Health Fair on May 25. The event – organized by health-occupations students and publicized by marketing students – also featured free checks for blood-pressure and respiration, as well as literature and presentations on subjects such as exercise, nutrition, alcohol and drug abuse, hygiene, stress, and health-occupations careers.

## Summer Recreation

### Elementary Program

The popular Romulus Recreation Summer Program for elementary-age boys and girls – set to begin June 28 and continue through August 13 – will be conducted at the following sites:

- Burton Building (9 a.m. to 5 p.m., Monday through Thursday),
- Barth Elementary School (noon to 5 p.m., Monday through Thursday),
- Cory Elementary School (limited to the first 75 to register; noon to 5 p.m., Monday through Friday),
- Halecreek Elementary School (noon to 5 p.m., Monday through Friday),
- Wick Elementary School (noon to 5 p.m., Monday through Friday).

Parents must provide transportation to and from the program site.

In addition to the program's regular recreation activities, a number of special events will be scheduled to educate children about proper behavior and the dangers of alcohol- and drug-abuse. These programs are put on by trained professionals who serve the Romulus community.

The cost of the seven-week program is only \$25 per child; family discounts (\$45 for two children or \$60 for three or more; proof of residence must be shown) are available.

(Small) additional fees will be charged for optional "special trips" (to waterparks, picnics, etc.) that are scheduled for various Fridays throughout the program.

Those who wish to preregister for the summer program may do so at the Romulus Recreation building until June 28; thereafter (until July 23), registrations will be accepted at the individual program sites.

### Middle-school Program

Students in grades seven to 10 (as of September 1999) are eligible to take part in the Recreation Department's Summer Program for Middle School students, set to begin June 28 and continue through August 13.

Students who need transportation to the Middle School program site will be picked up at the following locations/times:

#### Trip One

- Halecreek School (10:15 a.m.),
- Merriman School (10:20 a.m.),
- Recreation Building (10:30 a.m.),

For information on the program's costs and registration, see the section on the elementary-age program (above).

Information regarding "special trips" is similar, as well.

**NOTICE OF PUBLIC HEARING  
HAZARDOUS WASTE MANAGEMENT CONSTRUCTION PERMIT APPLICATION**

Environmental Disposal Systems, Inc. (EDS) submitted an application for a permit to construct a hazardous waste management facility at 28470 Citrin Drive in Romulus, Michigan. The application was submitted to satisfy the requirements under Part 111, Hazardous Waste Management, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451). The Department of Environmental Quality (DEQ), Waste Management Division hereby gives notice that a public hearing will be held on July 15, 1999, to receive comments on the application.

The proposed EDS-Citrin Drive facility would accept liquid hazardous waste from off-site generators for disposal in deep injection wells. Prior to disposal in the deep injection wells, the wastes would be stored in tanks and containers and treated in tanks. The site for the proposed facility is approximately 15 acres in size and is shown on the map below.

The Part 111 of Act 451 application is required for the above-ground storage and treatment of hazardous waste prior to disposal in the deep injection wells. The deep injection wells are subject to separate permit actions under the federal Underground Injection Control Program and Part 625, Mineral Wells, of Act 451; they are not subject to the Part 111 of Act 451 construction permit requirements.

The Part 111 of Act 451 application will undergo two separate reviews: one by the DEQ and one by the Site Review Board (SRB). The DEQ is now conducting its technical review of the application. If the proposed facility satisfies the design and operating standards under Part 111 of Act 451, the DEQ will refer the application to the SRB in September 1999. The SRB will focus on the potential impact that the proposed facility could have on the local community. After a series of public meetings, the SRB will recommend whether the DEQ should issue or deny a construction permit for the EDS-Citrin Drive facility. If the entire review process follows the minimum schedule, a final decision could be reached by June 2000.

The purpose of the hearing on July 15, 1999 is to give the public an opportunity for input early in the review process and before any tentative decisions are reached. Both oral and written comments will be accepted during the hearing. Speakers will be asked to register at the hearing and to limit their presentations to allow time for everyone who is interested in speaking. The public hearing will be held at the Romulus High School Auditorium, 9650 South Wayne Road, Romulus, Michigan, beginning at 7:00 p.m. Persons with disabilities needing accommodations for effective participation in this hearing should contact Mr. Steve Sliver at the address below, or at 517-373-1976, at least a week in advance of the hearing to request mobility, visual, hearing, or other assistance.

The application may be reviewed at the Romulus Public Library located at 11121 Wayne Road, Romulus, Michigan; at the DEQ's Southeast Michigan District Office located at 38980 Seven Mile Road, Livonia, Michigan (contact Ms. Bonnie Pawloske at 313-953-1408); and at the DEQ's Waste Management Division Office located on the First Floor of the John A. Hannah Building, 608 West Allegan Street, Lansing, Michigan (contact Mr. Steve Sliver at 517-373-1976).

Requests, comments, and questions regarding the application and review process should be addressed to:
